SUMMARY

Passionate Full-Stack Developer with 2+ years of professional coding experience, specializing in scalable web application development using the MERN stack. Solved 1000+ LeetCode problems (Global Rank: 25K), 4★ HackerRank achiever, and Hackathon Winner & Finalist (4x Finalist | 1x Winner). Brings a blend of strong DSA foundations, practical software engineering experience, and creativity in problem-solving. Currently pursuing B.Tech in Information Technology (CPI: 8.76) at Government Engineering College, Gandhinagar.

TECHNICAL SKILLS

Languages: JavaScript, C, C++, Java, Python, PHP

Frontend: HTML, CSS, React.js, Tailwind, Bootstrap, GSAP, EJS

Backend: Node.js, Express.js, PHP, Socket.io, WebRTC

Database: MySQL, MongoDB Tools: Git, GitHub, VS Code, Framer Motion

Other: DSA (1000+ LeetCode), AJAX, Three.js, REST APIs

Soft Skills: Problem-Solving, Technical Documentation, Team Collaboration, Leadership

PROJECTS

AOS - browser based operating System - solo - github ,video

React, Node js, socket io, file management.

- A browser-based operating system with basic features of real world OS which helps users to work on same OS at same time.
- Coded all basic application like notepad, working terminal,file manager, Music playera and Video calling and chatting plateform.
-

Echoes - Social Media Website - solo - github, video

Ejs,css,javaScript , Ajax , node js , mysql , socket io

- A social media website where people can share their thoughts and interact with the world via post and comment..
- Implemented behavioral and role-specific interview modes for realistic practice.
- Deployed subscription-based platform with secure Stripe payments.

EXPERIENCE

Full stack Intern - view   April2024-March 2025
                                                                                                                          Ahmadabad

- Gather a knowledge about various technologies and hand on experience .
- Designing experiments with Backend ,Database and front end technologies and other Frameworks
- Working on peoples opinion and their interest of uses and learn how to handle the real life scenarios.

ACHIEVEMENTS

HackerRank :1x Winner , 4x Finalist ,8x attended

- consistently delivering innovative and functional solutions under tight deadlines, gaining hands-on experience in teamwork, ideation, and full-stack development.

DSA - 800+ Problem Solver on leetcode and HackerRank

Solved 1000+ problems on LeetCode & HackerRank, demonstrating strong DSA fundamentals and analytical thinking.

Academic Excellence :

Having a 8.76 of CPI in my 2 years/all 4 semester of University Exams.
